

# Austin Discovery School

## Site Use Concept Plan

### Educational Gardens

Supporting all subjects & Sustainability

NOTES

Have ornamental horticulturalist check toxicity of plants  
 Plant tree fruit & nut trees in gardens for development  
 Compost everything  
 Fill in around buildings with native and adapted landscaping  
 Place any each away from paths

all non-toxic

Check paths for best of soil, fill in potential water places  
 Consider green paths instead of asphalt and covered with stone to reduce erosion  
 Paths made materials for ADA compliance  
 Consider hanging or nesting a small water

Harvest pine needles for excellent milk  
 Harvest pine trees for usable wood  
 Consider growing upright cedars for carpentry
